MBA Tech	MPSTME, NMIMS, Mumbai	NMIMS	3.49/4	Currently Pursuing (graduating 2027)
BTech (Data Science)	MPSTME, NMIMS, Mumbai	NMIMS	3.49/4	Currently Pursuing (graduating 2027)
XII	Rajiv Gandhi Hr. Sec. School, Bhopal	CBSE	70.2	2022
X	Carmel Convent Sr. Sec. School, Bhopal	CBSE	78.6	2020

SUMMER INTERNSHIPS

Dow Chemicals Pvt. Ltd., Navi Mumbai | May, 2025 - July, 2025 ISC Improvement Intern

Mapped material allocation processes across 5 business units and 4 global regions through 20+ stakeholder interviews, consolidating findings into a structured master process matrix and identifying process improvement opportunities.

Standardized 3 years of multi-region customer survey data using Python ETL, developed Power BI dashboards for theme- and region-level analytics, and translated cross-functional findings into recommendations for workflow digitization and process optimization.

IIRS-ISRO, Dehradun | May, 2025 - July, 2025

Data Analytics Summer Intern

Analyzed 1,000+ spectral datasets across 50+ bands to identify patterns and classify 10+ material types using advanced remote sensing techniques.

Streamlined data processing workflows and translated geospatial data into actionable insights for environmental decision-making.

Soul AI- Data Annotator| July, 2024 - October, 2024

Led training and validation of LLM models using 10,000+ market research data points, ensuring accuracy and consistency of outputs. Designed structured evaluation pipelines and improved data workflows to enhance model performance and real-world applicability.

Govt. P.S.Baskhedi,Bhopal | May, 2024 - July, 2024

Summer Helper(Community Service)

Coordinated outreach initiatives impacting 100+ individuals while collaborating with 10+ volunteers to execute programs efficiently. Managed tracking systems for 500+ volunteer hours and donations, improving record accuracy and operational organization.

PROJECTS

Financial Lead | Project Parambh

Built a 5-year financial model projecting ₹25L+ capital requirements and revenue scenarios, evaluating investment viability using NPV, 18%+ IRR and payback analysis while identifying cost optimization opportunities and informing funding, scalability and long-term growth decisions.

Business Analyst | Nobelza – Market Entry Strategy

Led market entry and commercialization analysis for a portable TB-testing kit through market sizing, competitive benchmarking, and demand forecasting, while developing Excel-based financial and risk models for ₹5-10 Cr market opportunities to optimize pricing and distribution strategy and improve deployment efficiency by ~20%.

Budgets and Macroeconomic Outcomes in India

Analyzed 20+ years of macroeconomic data across GDP, inflation, fiscal deficit, capital expenditure and FDI, using 150+ economic indicators to evaluate fiscal policy, growth patterns and investment flows under UPA and NDA governments.

EPICS Envaplux Research Project – ESG & BRSR Analysis

Analyzed 50+ corporate BRSR disclosures across 10+ ESG metrics using benchmarking frameworks, identifying reporting gaps and developing comparative Excel dashboards to improve clarity and consistency in sustainability performance assessment.

CERTIFICATIONS AND ACHIEVEMENTS

- Bloomberg Market Concepts
- Bloomberg Finance Fundamentals
- Bloomberg Spreadsheet Analysis
- Deep Learning with Power BI and NN
- Summer Analytics 2024 - IIT Guwahati
- Finalist at Action Plan 2023, IIT Bombay
- Finalist E-Summit 2023, NIT Bhopal
- Senior Diploma in Kathak
- District-Level Badminton Player
- International English Olympiad (National level)

EXTRACURRICULAR & LEADERSHIP

- Active participant in business competitions and startup events
- Experience in teamwork, project leadership, and community engagement
- Strong interest in finance, consulting, and data-driven decision-making
